Summer Enrollment & Studio Turnover

Summer Session Fee Authorization
Graduate students holding a 50 percent or greater GA appointment for two consecutive semesters are entitled to a full fee authorization during the immediately following summer session without being on appointment. A graduate student who elects not to enroll during the summer session may not defer the use of the summer fee authorization.

1. You may register for a maximum of 12 credits for the entire Summer Term – four credit hours during the May Session and eight hours during the Summer Session. If you decide to enroll in a combination of May Session, Summer Session, and Summer Term courses, please contact the Graduate School Registration Services at 614-292-6031.

2. Students using the summer fee authorization must be registered for at least four hours of credit. Fellows must be registered for at least six hours of credit.

**Once you graduate, you will no longer have access to the Department of Art studios and facilities.** MFA candidates who notify the Graduate Program Coordinator of a decision to delay graduation and register for summer credit hours may, with approval of the chair, be granted continued use of their studio and facilities through the summer term.
